At the rally in Foley Square to support abortion rights

Photos by Stacie Joy

A crowd estimated in the thousands turned up at Foley Square downtown late this afternoon in protest of the leaked SCOTUS draft that would overturn Roe v. Wade.

Protestors gathered and politicians scrambled to speak out following the bombshell [report](#) last night at *Politico* indicating that conservative justices are poised to vote to overturn a landmark ruling that guarantees access to legal abortions. (The Supreme Court [confirmed](#) that the leaked abortion draft is authentic.)

With NYS abortion rights remaining intact no matter what SCOTUS does, it would make more sense and mean more to take our protests to states where the SCOTUS ruling would limit abortion. Get on the buses. Pile into the vans. Road trip time.
